AG Bruning Comments on Republican River Arbitration

LINCOLN – Attorney General Jon Bruning issued the following statement on the third-party arbitrator decision made concerning Nebraska's Republican River disputes with Kansas and Colorado.

"We are pleased the arbitrator recognized the importance of preventing a double recovery by Kansas, but disappointed the proposed crediting issue was not accepted," said Bruning. "We will work with the states to address this and continue to vigorously defend Nebraska's right to use the water to which it is entitled."

In the ruling, the arbitrator noted that Nebraska is on track for future compliance.
